*Providing a safe haven,
pathway to stability, and a
hope for a better future.*

Who We Are...

Safe Haven Maternity Home is a nonprofit organization established in 1992 to provide a safe home environment that inspires and provides resources to pregnant young women and mothers with babies in crisis. Over the last 30 years Safe Haven has helped over 900 women and babies. Our services extend to all women regardless of race, ethnicity, religion, mental or physical challenges or inability to pay.

Our Vision

To break cycles of trauma for mothers in crisis and their families by providing a safe haven, a pathway toward stability and hope for a better future.

Our Mission

Safe Haven provides a safe home environment and aftercare services to pregnant women and mothers of young children in crisis. In partnership with the community, we support them and their families through strength-based, client-focused services that meet their spiritual, emotional, physical, social, and educational needs. We seek to lead them toward successful parenting, healthy independent living, and a hope for a better future.

What We Do...

Safe Haven's goal is for every resident to successfully transition from living in the Safe Haven home to independently living in their own home as a successful parent and contributing member in their community. We not only offer a safe home environment for both mother and baby through our **Residency Program**, but we also offer needed parenting and personal development classes through our **Life Skills Program**. We also assist mothers with nutritional planning in our **Healthy Life Style Program**, and reliable rides in our **Transportation Program**. When women graduate our program, they receive ongoing support through our **Aftercare Program**.
